## Description

It is with great pleasure that we can offer to the market this surely unique example of the BMW R 100 RS.

This bike is number 10 of a limited edition run of 100 examples developed and built to commemorate 60 years of BMW Motorcycle production in 1983. This model was made, we believe, only for the Japanese market and this is substantiated by the "BMW Classic Certificate" we have on file for it.

Finished in Pearl White special paintwork highlighted with red & blue BMW Motorsport handpainted pinstripe, it looks wonderful and is complete with it's travel cases - also part of the limited edition factory specification.

So it would be a very rare bike anyway, but this example has spent it's life until now in a private collection and has remained unused. It is displaying just 3 kms on the odometer and is in perfect condition as you would expect! The numbered plaque on the motorcycle itself is complemented by the collectors edition plaque from Japan and a commemorative German stamp in BMW Japan presentation

package.

Surely a un-repeateable opportunity to own an effectively "new" BMW R 100 RS - and not only that, a rare limied edition model. No BMW motorcycle collection can truly be considered complete without it!

All vehicles supplied by Park Lane UK have funding options available, are all warranted with part exchanges welcomed. For further details please call 01420 544300.
